

**The following resolutions for ballot measures should be voted on *individually* by each precinct.**

---

Colorado is NOT the “Gold Standard” of election processes and should not be recognized as such by any other state as a model or standard that should be followed.

Whereas: Every legal individual's vote should be counted. Whereas: Elections are for the people, and this should be reflected by having full transparency in every election. Whereas: The people should have confidence in their local and state-wide election process. Whereas: Candidates on every level are entitled to a fairly run election process.

BE IT RESOLVED:

The election must take place only on the date set forth in the Constitution.
